

# ITALIAN FRONT CRUMBLES BEFORE AUSTRIAN DRIVE

## Germany's Allies Have Advanced Five Miles At Several Points

### NEW CAMPAIGN LAUNCHED WITH MUCH VIGOR

Berlin, May 19.—The Austrian offensive south and southeast of Rovereto is making progress daily. The Austrian front already has been advanced five miles in places.

These gains have been made in the face of great difficulties. The mountains are still covered with snow. The Austrians fought their way ascending and descending slopes varying in altitude as much as 4,000 feet within a mile. Dispatches from Austrian headquarters indicate the successes achieved are due to the superiority of the artillery which has such a crushing effect that it is possible to launch infantry attack after comparatively short preparation. Captures of men and war materials are increasing daily. The number of prisoners now exceeds 7,300. The Austrians also have taken 31 cannon and 35 machine guns. The positions captured have been in the hands of the Italians for months. They include points to which the Italians attached the greatest strategic importance.

London, May 19.—Although the Austrian offensive on the Italian front is meeting with stiffer resistance than at the outset, ground is still being wrested from General Cadorna's forces, which according to unofficial reports have at points been pushed back as much as five miles.

The main line of attack is in the Southern Tyrol, where the recent approach of the Italians to Rovereto had threatened that place, a key position in the defense of Trent. The latest report from Vienna shows continued progress for the Austrians in the valleys southeast of Rovereto, their forces crossing the frontier by capturing the Maggio Ridge and working into Italian territory as far as Costa Bella, which was captured.

Counter attacks by the Italians have not resulted in any territory being won back from the Austrians according to the Vienna war office which also claims the capture of more than 900 additional prisoners, together with 15 cannon and machine guns. The Austrian losses are declared to have been small.

There has been notable fighting on the Verdun front where the Germans have thrown fresh troops into the conflict. Two new divisions attacked the French lines west of the Meuse between the Avoncourt wood and Hill 304 and succeeded in obtaining a footing in a small post near Hill 25 east of the wood. Elsewhere, according to this afternoon Paris bulletin, the attacks were repulsed, as was a German attack on the fort on the northeast slope of Hill 294, which the French took the previous day.

According to Berlin advices, Russia, believing that the treaties recently made Rumania and the Central Powers go beyond the bounds of commercial agreements, has taken measures to ascertain the circumstances which gave rise to the conclusion of the treaties.

### FRENCH TRENCHES TAKEN

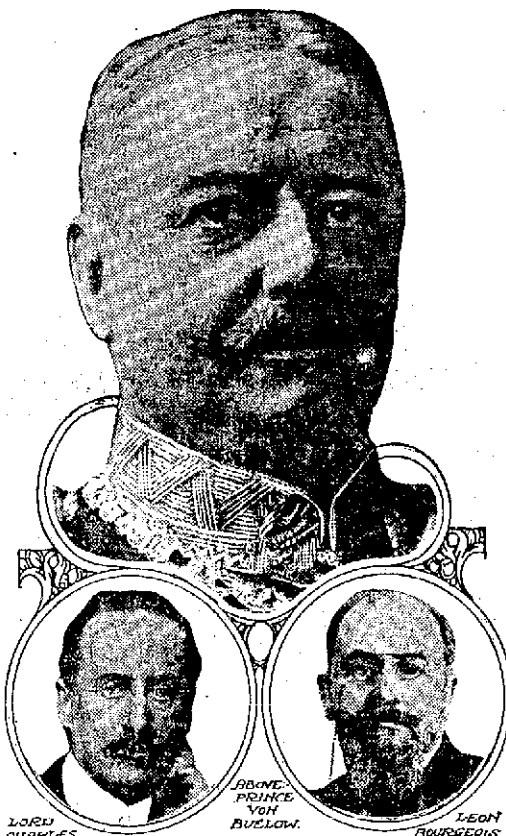

Berlin, May 19.—(Via London)—French trenches on both sides of the Haute-Cour-Esnes high road, and the Verdun front west of the Meuse, have been captured by the Germans. The war office announced today. Nine French officers and 120 men were taken prisoners.

### GERMANS OBTAINING SLIGHT FOOTING

Paris, May 19.—Violent fighting on a large scale was resumed on the Verdun front last night. Two divisions of German troops reached French positions at Avoncourt wood and Hill 304 west of the Meuse. The war office announced the attacks in the main

## QUADRUPLES ARE BORN

Cleveland, O., May 19.—The first quadruplets born in Cleveland in many years, arrived today at the home of Mr. and Mrs. Frank Zeman. They consist of two boys and two girls, all of whom are healthy and attending physicians predict they will live. The first child, a boy, was born at 3:30 a. m. and weighed three pounds. The second, a girl, born at 3:30, weighed two and a half pounds. The third, born at 7 a. m., was a boy, and the last, a girl, was born at 7:30 a. m. The last two weighed one and one-half pounds each. Mrs. Zeman, who weighs 110, is 34 years old. She has three other children, all boys, eight, four and three years old, respectively. Physicians here today said statistics compiled on thirteen million cases by a German doctor, show that quadruplets occur once in every 371,125 births.

## Disease Exact Heavy Toll In World War

Stockholm, (Via London, May 19.)—Evidence of the heavy toll that tuberculosis is exacting in the world war is found in the exchange of disabled prisoners which is going on through Sweden. One train from the Russian camps had eighty cases of consumption among the 220 Austrian prisoners on board. On another train from Russia there were 30 Austrians who had been rendered insane by their sufferings. These trains are now running weekly in each direction exchanging prisoners who from disease, loss of limbs or mental breakdown, are unfit for further military service.

New York, May 19.—Mayor Mitchell in a statement issued from his office today accused Senator George F. Thompson, chairman of the legislative committee which has been investigating wire tapping activities of the police, "of treachery to the United States" because of his attempt to investigate the tapping of the telephones of the munitions dealings of the firm of Seymour and Seymour.

Police Commissioner Arthur Woods is ready and apparently eager today to tell this state legislative committee why the police listened on the wire leading to the office of the law firm of Seymour and Seymour. State Senator George F. Thompson, chairman of the committee, promised Mr. Woods he would have an opportunity to disclose the facts in justification of the action of the police.

District Attorney Swann stated that the wire in question was tapped because J. P. Morgan and Company had complained that confidential cablegrams from the French government to that firm's office, regarding the buying of war munitions, had been stolen and sold to munition manufacturers in this country.

Before testifying today, the police commissioner said the theft of the information from the Morgan office was only one reason why the police tapped the wire. "There was another reason which I am not at liberty to tell because it has to do with important matters affecting the national government," said Mr. Woods. It was reported that the police had been informed a foreign agent posing as a representative of Russia, had purchased war munitions, ostensibly for the entente allies and had smuggled them into Mexico.

### Clinging To Rope He Tried To Save Sister-In-Law Who Drowned Self In Cistern

Cincinnati, O., May 19.—Clinging to a rope, George Menges, a farmer near here, at midnight struggled in vain to save the life of his sister-in-law, Mrs. Frank Betscher, 63, who had thrown herself into a cistern. At midnight Mrs. Betscher arose and left the house. Menges was awakened by a splash. Menges soon heard her struggling in the cistern. He threw a plank across the opening and attached a rope to the board.

Then he lowered himself into the cistern. In the darkness he caught hold of the woman's shoulder, but she fought him off.

Repeatedly he caught hold of her but she broke away. He was tiring fast and fearing that he would fall into the water, called for help. Occupants of the house responded and pulled him out. Later the body of Mrs. Betscher was taken out of the cistern.

## Not Much Encouragement For Either Taft Or Bryan

Mohawk Lake, N. Y., May 19.—The resolutions committee of the Lake Mohawk conference on international arbitration today showed its appreciation on the unsettled condition of international affairs by presenting a platform which avoided any radical recommendations and confined itself to carefully worded approval of the general principle of arbitration. The platform proved a disappointment to members of the league to enforce peace, headed by former President Wm. H. Taft, presiding officer of the conference. But it also offered no encouragement to the opponents of enforced peace, led by Wm. J. Bryan. The platform follows:

"The world's conditions of the past two years have confirmed the belief, often expressed in these conferences, that arbitration and judicial methods should and must increasingly prevail in settling international disputes."

"During the twentieth century the permanent court at the Hague has acted upon cases involving questions relating to Europe, Asia, Africa, the islands of the Pacific and the three Americas. These questions involved financial and territorial claims and such fundamental matters as the right to fly the national flag and to exercise jurisdiction over national military forces. These facts are clear testimony to the development of arbitration."

"The tendency of this court at the Hague to become in reality permanent is evident from the fact that there are eight judges who have sat in three or more of the fifteen cases and one judge has sat in seven of the fifteen cases."

"The conference desires again to affirm its belief in the desirability of such legislation by congress as will confer upon the courts of the United States jurisdiction over all cases arising under treaty provisions or affecting the rights of aliens."

## WILSON SHAKES HANDS WITH CLEVELANDERS

## A REBEL LEADER IS SLAIN

## MILLS TOO BUSY; CANNOT FILL ORDERS

Pittsburgh, Pa., May 19.—Inability of local mills to assure delivery for nearly a year, has resulted in failure to place \$1,000,000 worth of business here within the last few days. The foreign trade commission of Pittsburgh yesterday received a cable inquiry from Japan for 12,000 of wire rods, which is at the present price valued at \$720,000, but none of the manufacturers of the Pittsburgh district could accept the order. The commission also has received an inquiry for 800 tons of steel plates on a cash basis and for steel wire valued at \$200,000, but neither could be placed.

Chicago, May 19.—Approximately \$330,000 was subscribed for the relief of Jewish war sufferers last night at a mass meeting which four thousand people attended and the committee in charge of raising the fund expects to obtain pledges today for more than \$150,000.

The American note declared that "the United States will rely upon a scrupulous execution henceforth of the new altered policy of the Imperial government such as will remove the principal danger to an interruption of the good relations existing between the United States and Germany", and that "the United States feels it necessary to state that it takes it for granted that the Imperial German government does not intend to imply that the maintenance of its newly announced policy is in any way contingent upon the course or result of diplomatic negotiations between the government of the United States and other belligerent governments."

It was indicated at the state department when the note was sent that the United States did not feel a reply was necessary, and that should one not be forthcoming this government would consider Germany acquiescent. With the apparent end of the submarine crisis and Germany's admission to all German citizens in the United States to obey local laws, German officials feel that the only remaining cause of friction is the case of Wolf Von Igel, former secretary to the recalled German military attaché, arrested in New York, in connection with a plot to blow up the Welland Canal. Count Von Bernstorff has asked for the return of papers taken from Von Igel but the requests so far has been refused by the state department.

## Spotted the Solemnity.

Joseph H. Choate when ambassador to the court of St. James and Mark Twain were together in St. George's chapel, London, one hot day, both seemingly sobered by the solemnity of the place.

"What an awful thing it is," Twain began in a whisper.

Mr. Choate leaned closer to catch some ponderously sad expression from the humorist.

"What an awful thing it is," Twain repeated, "to be shut up in a place where one cannot smoke!"

## Suffered Great Pain!

Letter Tells of Long Looked-for Prescription.

Dear Mr. Editor—I am making a personal appeal to your readers who are bothered with kidney and bladder trouble and rheumatism, to give up the use of harsh salts, or alcoholic kidney medicines and in their place take a short treatment of "Anurie" and be convinced of its wonderful virtues as I was. I suffered great pain, had a great deal of irritation, water became foul. I tried everything advised but with no results. I sent for a box of "Anurie Tablets" and soon discovered that they brought relief. I have used them since, and now the water is normal, my health good, and appetite splendid. Some of the doctors pronounced my trouble enlarged prostate. Now I have no more trouble and I most sincerely feel that this latest discovery of Dr. Pierce is the best remedy for bladder and kidney troubles that I know of. If I can induce anyone to give it a trial, I feel that he will thank me for calling attention to this great boon that relieves this seemingly worst of all troubles that human flesh can fall heir to.

(Signed) H. H. FLEISHER.

NOTE: Up to this time, "Anurie" has not been on sale to the public, but by the persuasion of many patients and the increased demand for this wonderful healing tablet, Doctor Pierce has finally decided to put it into the drug stores of this country within immediate reach of all sufferers.

Simply ask for Doctor Pierce's Anurie Tablets. There can be no imitation. Every package of "Anurie" is sure to be Dr. Pierce's. You will find the signature on the package just as you do on Dr. Pierce's Favorite Prescription, the ever-famous friend to ailing women, and Dr. Pierce's Golden Medical Discovery, proven by years to be the greatest general tonic and reconstructive for any one.

At any rate don't give up hope of being cured of your malady until just a few doses of "Anurie" have proven that it will make you feel like a different person.

EDITOR—Please insert this letter in some conspicuous place in your paper.

## Three Men.

When H. H. Rogers was in the prime of his power, says a New York writer, he formed a "friendship partnership" with Mark Twain and Thomas Brackett Reed and took personal charge of their affairs, looking after them as he would a couple of children. It was great fun for all three, and especially Rogers. Neither Clemens nor Reed had any sense for business. The big ex-speaker came to New York a poor man. Five years later he died suddenly, and his estate assessed over \$600,000. He probably had no idea what he was worth at any stage. Rogers made as much or more money for Clemens.

## The Word "Gent."

At one time the word "gent" was a reputable term for general use. A respectable writer in 1591 tells of "a supper to divers gentlemen of the Gray's lane for the great amitie between them and the Middle Temple gents." The diarist Evelyn speaks of the "noise and tumult occasioned by three or four wild gents in drink." Soon after Queen Victoria's accession "gents" became vulgar. Thackeray speaks of it in 1842 as an "affectionate diminutive much in use among commercial persons."

BILLIE BURKE IN A SCENE FROM "THE TRIANGLE-FINE ARTS PLAY" "PEGGY."

The Picture Hit of the Entire Season, Columbia Tonight

Tonight will be your last chance to see Billie Burke in "Peggy," that beautiful story of simple Scotch life told in seven reels of intensely interesting films. Large crowds saw this picture yesterday at both afternoon and evening shows and declare it to be the best picture they have ever seen. Miss Burke, who is considered one of the most beautiful of all stage stars, is particularly beautiful and winsome in this picture and if you miss seeing it today you will always regret it. Special music, including many Scotch airs, has been arranged by Miss Wilkoff, the organist, and the music alone will be a feature with this picture. The evening shows will start promptly at 6:30 and then at 8 and 9:30 as is possible with an admission price of 15 cents.

Helen Dawn in "The Love Liar" at Lyric Tonight.

The story itself differs radically from anything in which Miss Dawn has ever appeared on the screen, embodying real pathos as well as comedy. It is the tale of a country girl whom poverty forces to try her fortune in New York. Upon her arrival in the city, her beauty attracts the attention of a band of white slavers and the woman in the party persuades her to go to the house at which she is boarding "where she will be perfectly safe." But when Helen refuses to join in the "little party" which the rest of the girls in the house arrange, she immediately becomes unpopular. The fact that this is the first great metropolitan department store to be reproduced upon the screen lends particular interest to this story. The entire building, which comprises the department store in question, was placed at the disposal of the Famous Players for the taking of the scenes in the store. Great quantities of powerful lights were transported from the studio to the store in order to permit the producers to get a comprehensive sweep of the broad expanse of the interior.

Crane Wilbur in "The Love Liar" at the Lyric Tomorrow.

The professional heart breaker is a character condemned both in fiction and in real life. Such a character is portrayed by Crane Wilbur in the Mutual Masterpiece, "The Love Liar," a five act psychological drama which comes to the Lyric theatre tomorrow. The story tells of the numerous love affairs of a popular musician whose theory of life is dwarfed by his own appreciation of himself. The folly of such an existence is clearly shown in an interesting and forceful manner. "The Love Liar" is the biggest production coming to date from the David Horsley studios. An idea of its sumptuousness may readily be gleaned from the information that the settings used in this picture required ten weeks' time to build. Representations are made of the richly furnished homes of the ultra-wealthy and of the fashionable resorts they frequent, lending a fine background to the narration of the drama.

## At The Exhibit

"Curlew Corliss," Mustang, is a three reel Western drama based on a story of a well known fiction writer. The types are well drawn. Art Acord, playing the cowboy hero, Nita Davis, the pretty young school teacher, and John Gough, the crooked brother of the latter. There is a good deal of quiet humor running through this. The most dramatic episode is the stage coach robbery which is well pictured. The play tells a natural entertaining story and the various incidents are convincing throughout. The hero saves the girl's brother at the close. "Love, Music and Cannon Balls," is a Vogue comedy, featuring Rube Miller, Arthur Tavares, Alice Niece and Madge Kirby. A side-splitting comedy full of laughs.

## At The Arcana

"A Social Outcast" is a three part Rex drama featuring Ben Wilson, Charles Ogle, Joe W. Girard, Jack Newton, Dorothy Phillips, and Mrs. J. H. Brundage. Ben Wilson is the producer which insures you of it being one of the best. Blair, a young lawyer, is nominated for office as district attorney. He shields and takes to his home a young woman who is being mistreated by her supposed husband. His name is ruined by his political enemies by associating his name with that of the woman he is protecting. Everything works again until he sees the girl doing work among the slums. The two marry and become happy, the past being forgotten for the bright future. "A Friend, But A Star

The young ranchman marries an Eastern girl after her father's suicide as the result of financial failure. She grows lonely and is attracted to Leland, an employee. The husband confronts Leland and asks the wife to choose between them. She remains true to her husband and Leland turns out to be a squawman. The story is interesting and well developed.

### At the Temple.

"The Knotted Cord" is a three reel mystery story featuring Bert Delaney, Mignon Anderson and others. The appearance of a knotted cord means that the millionaire and the young detective are marked for death. The former is killed, but the detective outwits the gang after numerous adventures. This is well constructed and has several moments of melodrama which is enjoyable in this type of story. The ending contains a surprise. A big Triangle comedy closes the bill.

Two hundred Knights of Pythias gathered in Pythian hall, Third and Chillicothe streets Thursday evening and witnessed the exemplification of the Knight or third degree, which was conferred upon 30 charter members of Peerless Lodge K. of P. of the East End. It was one of the best attended meetings in the history of Magnolia Lodge, whose degree team put on the work. Dr. E. W. Tidd, of Stockdale, grand inner guard of the Knights of Pythias was present and delivered a short talk on "Pythianism." At the conclusion of the ritual work refreshments were served by Peerless Lodge. The arrangements for this feature of the evening having been faultlessly carried out by E. N. Brady of this lodge.

## Man Who Cut Throat With Razor A Cousin Of County Clerk Hall

County Clerk John W. Hall received a telegram Friday, telling of the suicide of his cousin, James E. Wikoff, prominent insurance agent, Columbus.

Concerning the death, the Columbus Dispatch says: James E. Wikoff, 55, 1673 Bryden Road, who for more than 25 years had been engaged in the insurance business in Columbus, took his own life Thursday morning in the bathroom of his home, by severing the arteries of his throat with razor. His lifeless body, fully clothed was found in the bathtub by a maid shortly after 7:30 o'clock. Worry over continued ill health is believed to have prompted his distressing act.

Through his active career in Columbus Mr. Wikoff became widely acquainted. He was a member of the Elks and the Athletic Club. Only a few weeks ago he became an entered apprentice in Kinsman Lodge of Masons, and was planning to take higher degrees.

Mr. Wikoff was born in Adams county. The funeral will be held Saturday.

## NEW YORK STOCKS

New York, N. Y., May 19.—Rails were again the conspicuous feature of today's very active market. Reading leading with new high record.

The Reading movement attained more impressive proportions later, the common stock advancing to 106 1/2. Dealings in Reading during the forenoon were estimated at 160,000 shares or about one-quarter of the entire operations on that period. Other high grade rails, as well as inactive stocks of that group were favorably influenced, especially Baltimore and Ohio and New York Central, those roads holding large amounts of Reading in their treasuries. Eastern Maryland, recently mentioned in connection with Reading, was strong. Profit taking reduced gains by a point or more at mid-day. Bonds were strong.

Reading was again the center of interest at the opening of today's market, its seven point advance of the previous day to 109 or double par on an enormous overturn furnishing one of the most sensational features of recent years. The stock opened with an offering of twelve thousand shares at yesterday's record price, followed by blocks of 1,000 to 3,000 shares at steady gains up to 101 7/8. Reading second pfd. also made a new high record at 52 and other leading rails responded with 1 to 2 point gains. Specialties were almost neglected in the demand for standard stocks but material advances were registered in that quarter of the market.

**CHICAGO GRAIN**

Chicago, May 19.—Wheat showed fresh weakness today as the result of peace talk, but the new declines failed to last. Opening prices which ranged from 1/4 to 1/2 lower, with July at \$1.12 to \$1.12 1/2 and Sept. at \$1.12 1/2 to \$1.12 3/4, were followed by a virtual complete recovery.

The close was unsettled 5/8 to 1 1/2 net lower, with July at \$1.12 1/2 and Sept. at \$1.12 1/2 to 5/8.

Rapid progress of planting put the bulls at a disadvantage in the corn market. Advances were at hand telling also of greatly increased acreage. After opening unchanged to 3/8 lower, prices underwent a material gain all around. The close was nervous at 1/2 to 3/8 and 1/2 net decline.

Oats suffered a downturn with corn. Commission houses led the selling.

Higher quotations on hogs made provisions advance. The best demand was for lard.

## Garden Truck Is Frozen

John Willey, of Lombardsville, was in the city Friday on business, and while here told friends that most of the vegetables and garden truck in the vicinity of his farm were frozen Thursday evening.

The city and bottom sections escaped damage because of the heavy fog that hung over the Ohio river, but in the hillsides and up the creek valleys everything was frozen black.

John Cuppett, of Friendship, reported that "the green frogs were frozen up" in his locality.

Icicles hung from the roof of the Nauvoo school house.

John Hodge, of Upper Twin Creek, said one could write his name in the ice that adorned boards, roofs, etc., in his section but did not think it reached the ground sufficiently to do any damage.

The frost was particularly heavy on the Pine Flats, Pond Creek and at Henley, assuming the proportions of a regular freeze. Apples in those sections were thought to be too far advanced to be damaged.

the aesthetic dancing should see this performance, which will be spectacular in every way. All are urged to come early so as to obtain a good place to see. The Boy Scouts will assist in handling the crowd and the High School Girls' club will sell printed programs to those who care for them, though the program is free to all.

The school hall at St. Mary's was the scene of a very gay party last evening, when the Rev. Father T. A. Gochel entertained the members of the Cecilian Choir of St. Mary's church. They had a most delightful evening, indulging in dancing, singing and music. At ten o'clock they adjourned to the parlors, where they were served with a most delectable two-course luncheon. Those who enjoyed Father Gochel's hospitality were: Misses Madeline and Margaret Schumack, Columbia Glockner, Clara Scott, Rosella Haffner, Agnes Schumack, Angela Switkowski, Katherine Kelley, Lucy Balmert, Antoinette Keltz, Mrs. A. J. Reitz, Mrs. Wm. Hoerr and Messrs. Pierce Hilbert, Frank Switkowski, Sr., George A. Goodman, A. J. Reitz, John Sommer and Louis Brown. This delightful affair was Father Gochel's annual entertainment for the choir.

Mrs. Milton Meiss (Doris Lehman) who has been visiting her parents, Mr. and Mrs. Mose Lehman, of Second street, returned this afternoon to her home in Cincinnati.

Postmaster and Mrs. Charles P. Gableman and bright little son, Charles Hutt Gableman of Waverly, visited local relatives and friends, Friday. Mrs. Gableman and son returned to Waverly this afternoon, but Mr. Gableman remained over the Masonic festivities held this afternoon and tonight.

Sergeant Smith is investigating.

## DR. WELCH IS CHOSEN AS BISHOP

Saratoga Springs, N. Y., May 19.—With only four bishops of the Methodist Episcopal church being elected, the general conference today resumed the balloting which has been in progress since Tuesday.

Following closely after the election of Dr. Herbert Welch, of Delaware, Ohio, and Dr. Thomas Nicholson, of New York, last night, the announcement was made to the conference this morning that the Rev. Adna W. Leonard, of Seattle, Washington, had been chosen on the tenth ballot. He is a son of the late Rev. Adna B. Leonard, for many years prominent in Methodism. He is only 41 years old, being the third bishop of the Methodist church to be elected at so young an age.

## ROOSEVELT IS TO VISIT MR. FORD

Detroit, Mich., May 19.—Hundreds of school children, waving American flags, were among the throng which greeted Theodore Roosevelt at the railway station this forenoon when he arrived here to be the guest of honor at an American Day celebration. Before Colonel Roosevelt was driven to the Detroit Athletic Club at the head of an automobile parade, he made a short address to the Boy Scouts who were lined up in front of the station. He told them he believed in their organization because it taught them to fight for the truth and not to be mollycoddles.

After the luncheon at the Detroit Athletic Club, Colonel Roosevelt spent nearly two hours in privacy before he went to a local opera house to deliver an address on "Americanism and Preparedness for Peace."

This afternoon Colonel Roosevelt made a short address to a mass meeting in Grand Circus Park, in the heart of the business district. Before he returns to New York late this afternoon he is to make an automobile tour of the city. It was announced that he expects to spend a few moments visiting Henry Ford at the latter's automobile factory.

## NEURALGIA'S ONE SYMPTOM

Neuralgia is a disease which has one symptom—pain.

The pain of neuralgia is sharp and shooting with intervals of freedom.

An attack of neuralgia does not give immunity but recurrences are the rule.

The same nerve is generally affected which means that this particular nerve has lost its resistance and that there will be recurring attacks until the strength of the nerve is built up.

How can the strength of a nerve be restored? The nerves are nourished entirely by the blood and weakness is toned up by supplying to the blood elements that the nerves lack. As the general health and strength of the patient are built up the nerves resume their normal functions, inflammation caused by lack of nutrition disappears and the neuralgia attacks cease.

Dr. Williams' Pink Pills are a truly exceptional well suited for the treatment of neuralgia because they contain no alcohol, stimulating or habit-forming drugs. The tonic treatment with these pills is well worth a trial by any sufferer from neuralgia.

Write today for booklet on nervous disorders to the Dr. Williams' Medicine Co., Schenectady, N. Y. Your own druggist sells the pills or they will be sent postpaid at 50 cents per box.

# GRAND JURY WILL HAVE SEVERAL IMPORTANT CASES

Twenty-three cases, at least, will be investigated by the April term of Grand Jury, which will convene Wednesday, May 24, at one o'clock. Practically every crime on the criminal docket will be represented.

There are several cases that will be investigated which have not been named on the transcripts received. One of these, it is said, will be the automobile accident which occurred at Scitoville last Tuesday at midnight, in which two were killed and several wounded.

Cases on the docket are:  
Roy Jordan, charged with murder in the first degree. Jordan was bound over to Grand Jury without bond from Squire J. W. Byron's court on a charge of murdering Mrs. Pamela Jordan, his wife, whose dead body was found at her home in the Flat Woods, near Lucasville, Tuesday, May 2. The unfortunate woman's head was partially blown off. The day following the murder, George, the eight-year-old son, in a confession to the authorities, claimed that his father shot his mother. Then, on Friday, he related the same story at the coroner's inquest.

That same day Jordan was arraigned before Squire Byron and George refused to repeat his story, and Jordan was bound over to the Grand Jury. Saturday George then claimed that he had accidentally shot his mother while playing with the shotgun.

Harrison Clifford, charged with receiving stolen property, was held to Grand Jury from Mayor Kaps' court. It is claimed that he received two baseball uniforms, valued at \$20, on April 30. His bond was fixed at \$100.

Lula Hendshaw was bound over in the sum of \$100 from Squire William McManis' court, New Boston, for alleged stealing \$200 from Lawrence Fitch on February 28. She is charged with grand larceny.

On a charge of assaulting Lula Prater, Charles Fritz was held to Grand Jury from Squire William McManis' court under a bond of \$200. The charges were filed by

Splendor of Venus.

There is the most brilliant of all the planets. When east of the sun, her rays in the west after sunset, her glow is as much as the sun's. Through the telescope she presents much the appearance of a bluish sphere without spot or blemish. So dazzling is she that astronomers have been able to discover little concerning our neighbor, except that she is surrounded by an atmosphere filled with clouds, making it doubtful whether any view of the solid body of the planet can ever be obtained. Even though that veil she is sometimes so bright as to cast a distinct shadow.—London Telegraph.

Delicate Instruments.

Though the man in the street might easily mistake a slight seismic disturbance for the rumbling of a train, engine or an explosion, the many delicate instruments which record earthquakes are so sensitive that they can detect the faintest tremors. Though they have true and thousands of miles through the world for the pen tracing the telltale signs by means of which the seismologist calculates the place, time and magnitude of the happening.—London Chronicle.

Wearing Your Rubbers.

How to guide your wife when she insists that you positively must wear your rubbers when you go out.

First—Tell her you positively will not do it. This will produce in her an attitude of resignation, and she will almost forgive you for not wearing them for giving her a chance to act the role of a martyr.

Second—Say that you never wore rubbers before you were married. She will then tell you that you were always sick, too, and will work herself into a feverish glow by thinking what a fate she is taking of you.

Third—Wear the rubbers to keep peace in the family.—Judge.

Mrs. Lucratia Prater, March 1.

Elza Shaw, assault, bound over from Mayor Kaps' court for alleged assaulting Ernest Newman, April 1. His bond is \$200.

The Only Thing They Ever Did.

John Bright's powers of sarcasm were almost unrivaled. Some of his sharpest utterances were against members of the nobility. When boasts had been made of the antiquity of a prominent family, that their ancestors came over with the Conqueror, his prompt reply was, "I never heard that they did anything else."

## COUNTY NEWS

Lucasville M. E. church was filled to overflowing Thursday night when the seventeenth annual commencement of Valley township high school was held. Five graduates of the Lucasville high school receiving their diplomas. The graduates are Ruth Irene McIntyre, Florence Ora Cockrell, Hazel Belle Clark, Walter Dean McCarty and Samuel Ora Slavens. Bode's orchestra of Portsmouth furnished the music. The class colors, blue and gold and class flower, yellow rose, were everywhere in profusion, adding greatly to the decorations.

The graduates were seated on the pulpit platform behind a bower of green palms and ferns. The class address was given by Prof. John H. Cook, assistant state superintendent of public instruction of

Columbus. He gave a splendid talk on "The Value of Education."

Prof. Cook said he was glad to be present at the commencement for two reasons: First, because the Lucasville high school was known all over the state as the only real modern rural high school of the state; second, because the program of education in this school was for 6 per cent of the people (agricultural people) rather than for the four per cent who are preparing for a profession.

He said, "The school is the most important institution there is and will continue to be to the end of the world."

He paid high compliments to the school saying that he had referred many to the high school when they came to him and asked where they could find a rural school from which they could pattern a modern high school board for a country district. He said the state school department holds the Lucasville high school as an example of a modern rural high school.

J. W. Clemons, president of the school board, presented the diplomas. The commencement program was as follows:

## OBITUARY

**Joseph Dewey**  
Death came unexpectedly to Joseph Dewey father of John and Charles Dewey at Jasper, on May 7. Mr. Dewey who resided at the home of his son, John, retired the night before feeling as well as normal. Sunday morning he failed to arise as usual and his son went to his room and found him dead.

Joseph Warren Dewey was born on a farm near Wheelersburg, Ohio, on April 15, 1831. He died on the morning of May 7, 1916, at the age of 85 years, 21 days. He was the youngest of

eight children born to Joseph and Rosanna Tener Dewey, who were pioneer families in Scioto county. On December 15, 1853, he was married to Louisa Ann Slattery, who preceded him beyond in March 1893. To them were born four children: Rachel Alice, wife of Van H. Bond, who lives in Columbus, Ohio; Charles Wesley and John, of Jasper, Ohio, with whom he was so long associated in business; and William, who died in infancy. There are seven grand children and ten great-grand children.

He entered the mercantile business about the close of the Civil War, and was actively engaged in it almost to the last. Since the infirmities of age had made it necessary for him to leave off personal attention to the business, his mind still kept on planning, advising, helping. His whole life was one of activity and struggle for betterment. His devotion to his family was more than could be related, here. He was always unselfish and thoughtful for his children, a true and tender father. His life was absolutely clean and stainless.

The funeral was held at the residence on the morning of May 9.

**Mrs. Mary Lunsford**  
News of the death of Mrs. Mary Elizabeth Lunsford, mother of Floyd L. Lunsford, this city, has been received here. Concerning the death, the Columbus Dispatch says:

"Mrs. Mary Elizabeth Lunsford, aged 44, widow of Frank Lunsford, died at her home, 983 North High street, Monday afternoon, following a two years' illness with tuberculosis and a complication of other diseases. She is survived by one son, Floyd L. Lunsford, her mother, who lives in Portsmouth, and four brothers. Funeral services were held at 8:30 a. m. Wednesday at Sacred Heart church and burial was in Calvary cemetery by the Sherman D. Brown & Son Co."

**Hazel Juanita Armstrong**  
Hazel Juanita, sweet little sixteen months old daughter of Fred and Nellie Armstrong of 1831 Jackson street, died Thursday night of complications following an attack of measles. The funeral will be conducted from the home at 3:30 o'clock Saturday afternoon. Rev. Charles Oakley to officiate. Interment will be in Greenlawn.

**Margaret Ellen Eulitt**  
Margaret Ellen Eulitt was born in Scioto county, O., January 14, 1860, and died May 12, 1916, aged 56 years, 3 months and 28 days. She was the daughter of Thomas and Rebecca Creamer Morgan. In 1897 she was united in marriage to Thomas Eulitt, who survives her. She is also survived by one sister, Mrs. Rachel Harrop, of California. While yet in her teens she uni-

ted with the Baptist church and always held to that belief to the end. She always expressed herself as prepared to go whenever called.

With a kind and loving disposition she made a wide circle of friends wherever she went. She had no children of her own, but many are the little folks, as well as older ones, who will miss Aunt Ella's kind face. She bore her sufferings patiently and in her most trying hours never made complaint. The end came peacefully, and Aunt Ella is now at rest, going to meet her Maker as one who wraps the drapery of her couch about them and lies down to pleasant dreams.

## SOCIETY

The Misses Mary and Tamzin Pursell, of 614 Gay street, who returned before Easter from a sojourn in Florida, have been quite ill since their return. They seem to have not completely recovered from the shock and injuries received in an auto accident at Seventeenth and Waller streets last September. While they were away their home was occupied by Mrs. C. A. Goddard and Miss Nell Goddard, of Franklin Furnace. Mrs. Goddard has since returned to her home in Franklin Furnace and Miss Nell Goddard is making her home with Mr. and Mrs. Frizzell Kenyon, of this city.

The well-known evangelist, Rev. G. A. Boers, of Grandville, will be the dinner guest this evening of Rev. and Mrs. Freeman W. Chase, Highland avenue.

Miss Nell Turley left today for Ironton, where she will be the guest of Miss Louise Crawford. Tonight she will attend a dance given by Miss Katherine Fowler as a pre-nuptial favor to her sister, Miss Elizabeth Fowler, and tomorrow night will be numbered among the guests at the marriage of Miss Elizabeth Fowler and Mr. Chauncey Smyth.

Mr. and Mrs. Adam Buch, of Fourth street, Mr. and Mrs. W. J. Burke and son, "Billy," and Miss Madeline Augustin and Miss Mary Snyder will motor to Columbus tomorrow to spend the week-end with Mr. and Mrs. John H. Lange. They will return home Monday.

The Baptist Ladies' Aid Society met last evening with Mrs. Alfred Moore, of Sciotoville, and Mrs. C. W. Hill assisting in the hospitalities. This was the first meeting since the organization, a month ago. It was a great meeting, with forty-five members present and quite a number of new members being added to the list. It was enjoyable in every way, the evening being spent in singing and music. Mrs. Oscar Seth, of Sciotoville, will be the hostess at the next gathering.

Mrs. Chester Spencer was hostess last evening when the T. B. C. club members held an interesting meeting at her home on Eleventh street. The next meeting will be in two weeks, at the home of Miss Pearl White.

Mrs. Page's Sunday school class of the Second Presbyterian church met at the home of Miss Helen Patterson, at Sed's parlors, last evening.

Editor and Mrs. M. O. Wilson, of Vancouburg, Ky., were visitors in Portsmouth, Friday.

were unsuccessful although the Germans obtained a footing in a small post south of Hill 287.

The Germans attempted to recapture the small fort on the northeast slope of Hill 304, which the French took on the preceding day, but their effort failed.

Infantry fighting was confined for the most part to the sector west of the Meuse. East of the river and in the Woivre the artillery was active.

Lieutenant Navarre, one of the best known French aviators, who recently engaged in a fight with five German aeroplanes, brought down his tenth machine in an aerial combat at Dolante in the Argonne.

## PREPARING TO ATTACK AVLONA

Paris, May 19.—One hundred and fifty steamers have been assembled at the Hungarian seaport of Fiume to transport troops, munitions, and supplies under protection of the Austro-Hungarian fleet to Durazzo, Albania. This information was received here today in advices from Innsbruck. It is supposed here that the Austrians intend to make a strong attack on the Albanian town of Avlona which is occupied by the Italians.

## BOMBARD EL ARISH

London, May 19.—British warships and aeroplanes have bombarded the town of El Arish, in Egypt near the border of Palestine, and are believed to have destroyed the fort there. It was announced officially today. El Arish is on the Turkish line of communications from Syria to Egypt.

**A Fine Judge of Eggs.**  
The chicken is an animal that every housewife should possess. There is no finer judge of eggs in existence. The chicken, in fact, makes a study of eggs all his life, and he is not particular whether they are hen's eggs or turtle's eggs so long as they are eggs. It is impossible to deceive the animal with regard to their freshness. If a dozen fresh and partly fresh eggs are mixed up together the wily little animal will pick out the fresh ones with a certainty and quickness that are positively amazing. At the zoo he is provided only with the genuine newly laid. He would have to be in a very bad way before touching an egg that was "shop laid."

**Mythology of Dragons.**  
The mythology of dragons is immensely mixed. The one thing certain seems to be that of the many writers who describe them not one ever saw them. Many of the descriptions come nearer to a winged crocodile than any thing else, and the conjecture that the dragon idea was developed from some tradition of an extinct saurian seems probable. In the gypsy lore of south eastern Europe the "drakos" becomes the egg of the nursery. He takes a human wife, hunts, is an expert in horsemanship and lives, of course, in a palace. Andrew Lang pointed out that the modern Greek story of "the last Drakos" is the same as that told in Scotland of "the last Pict."

**Impossibility.**  
"I see the new stylish costumes from Paris are sensible."  
"That's impossible."  
"Why?"  
"If sensible they couldn't be stylish."

**Colors of Amber.**

# BASEBALL

Those Portsmouth Champs kept up their slugging in today's game at Millbrook park with Charles-ton. Today was Ladies' Day and there were a large number of the fair sex present. Charleston was set down in order in their half of the first inning, but Portsmouth put ten men to bat in their half, it being the biggest inning on the local field for some time. The hitting in this round included three doubles and three singles. Manager Spencer offering a sacrifice fly as one of the outs.

King and Dillhoefer worked for the Champs while Colindaffer and Snell were in the points for Charleston. Dills led off with a base on balls. Bauer hit a two bagger down the left field foul line. Fisher singled to left. Dills scoring. Bauer was caught trying to score, Calbert making a pretty peg home. Melhony doubled, scoring Fisher. Dillhoefer got a two bagger when Right Fielder McCluskey lost his fly in the sun. Melhony scored when Demoe singled to center. Spencer sent a long fly to Calbert. Dillhoefer scoring after the catch. Bush singled to right field. King doubled to center. Demoe and Bush scoring. Dills up for the second time, sent Calbert back to the fence for his fly.

This made the first inning end 6 to 0 in favor of the locals.

## Boy Scout News

New Boy Scout Troop Organized  
Last night Portsmouth's twelfth active Boy Scout Troop held its dedicatory exercises at the home of James Beard on Park avenue. This troop is made up of the younger scouts of Trinity church, and received as its official number, 12, with Mr. Clare Guffey as assistant scout master and active leader. Mr. John T. Breese will act as Scoutmaster. The troop has a large registration for a new, organized troop.

The Scouts met at the home of Mr. Guffey on Offshore street at 7:00 o'clock and from there went in a body to the home of Scout James Beard. Yesterday was his birthday anniversary and the place of the meeting had been kept as a surprise, so that when he entered the house he found it packed with fellow Scouts.

Speeches of greeting and advice for the success of the troop were given by Harold Dunn, of Troop 8, Marion Garrison, of Troop 2, John Snively, of Troop 1, and Harry Wagner, of Troop 3, who represented Scout Executive M. H. F. Kinsey.

James Scott and Walter Chick, second class Scouts, were appointed as patrol leaders for the coming year. Paul Graff is to act as Scout Scribe. Patrol assignments will be made at the next regular scouting meeting.

The troop being organized, the scout during the remainder of the evening, had enjoyable time celebrating Scout Beard's birthday. Parlor games were played, after which refreshments were served by Mrs. Beard, assisted by Mrs. Guffey and Mrs. Journey.

The following scouts were present: Harold Monroe, Paul Graff, Walter Chick, Merrill Marsh, Don Jordan, Harold Regele, James McBrayer, James Beard, Arthur Vonderembse, Frank Morgan, William Hurt, Harold Frye, William Henderson, Harold White, and James Scott, also Mr. Clare Guffey, Harold Dunn, Harry Wagner, Marion Garrison and John Snively.

**The Rose and Its Thorns.**  
This is the old legend of how the rose came by its thorns: One day in paradise Cupid was flying over a garden of roses. Blossoming there was a beautiful pink rose. Cupid bent to kiss it when a bee hidden in the flower stung him on the lip. Crying with pain, Cupid fled to Venus, his mother, demanding vengeance. Venus, to punish him, gave him a bow strung with captive bees and set the stem of the rose with stings torn from the poor bees. These stings now are called thorns.

## RELEASE 90 VILLA PRISONERS

Columbus, N. M., May 19.—Ninety Villa prisoners captured by American cavalymen in the engagement at Ojo Azul, Chihuahua, late in April, have been released, according to civilians returning to the border today. The prisoners were questioned in an attempt to obtain information concerning the movements of the various scattered bands. At military headquarters the reports concerning the release were received with some surprise, although a number of prisoners have been captured during the campaign and six of them have been confined in the stockade.

Workhouse Sentence Has Wonderful Effect On "Mute" Prisoner.

## Mayor Kaps Works Marvelous Cure; Makes "Deaf" Man Hear

Mayor H. H. Kaps qualified as an expert doctor when he effected the marvelous cure Friday morning of transforming E. H. Ward, of Toledo, who was absolutely "deaf and dumb" when he entered the police station several days ago into a person in full possession of all of his faculties.

The mayor had made a careful diagnosis of Ward's case and hit upon a stiff fine and work house sentence as a medicine, perhaps most likely to bring about desired results. The plan worked perfectly for after assimilating this dose, Ward began displaying signs of responding to treatment.

The trained eye of the veteran patrolman, Joe Stokley, who has had years of dealing with prisoners of all classes, was the first to detect that Ward was "coming around."

"Do you want to get out of here?" shouted Joe through the prison door at the top of his voice.

Ward shook his head as if to say he did not understand.

"Are you ready to talk?" again asked Joe.

"Yes," came the quick reply.

"All right come in and talk to the mayor," said Stokley, who hast-

ened into the court room to report that Ward had at last broken his silence. The news spread about the city building and soon there developed quite an audience, composed chiefly of officials, anxious to witness the wonderful cure.

"Take off your hat!" commanded Stokley as he ushered Ward into the court room.

Ward promptly obeyed.

"I'll tell you, mayor, I can't stand this any longer. I'm pretty near crazy," were his opening remarks. He said he did not want to go to the work house.

"You can talk pretty good for a man who is deaf and dumb," remarked the mayor, amid much laughter. Asked why he had been playing the role, Ward said that it was because he was physically unfit for work. He said he was all broken up and bothered with rheumatism and his feet were in such shape that he could scarcely walk, let alone work.

He said he had just come to Portsmouth from Trenton the day before he was arrested. He denied having "worked" the whole Hilltop district, begging money from people, but Police Clerk Harry Johnson took issue with

him and he said no more.

When searched at the time of his arrest police were unable to find any money on him, though they knew he had just collected 40 cents in the Bank Cafe a moment before. The mayor therefore asked him how much money he had. "One dollar," said he.

He was asked where he had it concealed and he said in his handkerchief. The mayor released him on condition that he leave the city and remain away.

Plainly indicating how accustomed he was to shamming, Ward just before leaving the court room, revolved his hand before his eyes, meaning he wanted his spectacles.

Mayor Kaps stated afterward that only the fact that Ward is crippled in one leg, kept him from sending him to the work house, despite his promise of immunity if he talked. Then, too, it would only mean expense to the county.

Officer Dunham positively identified him as the same who had arrested him in John Kelso's saloon at Fifth street and then rubbing his eyes, motioned Campbell avenue, several nights for his spectacles, which were up and wanted to buy a drink in the prison slip on the mayor's form. He had also overheard him and a companion talking in the saloon.

Kelso too identified him as the same who had come into his place and wanted to sell him a pawn ticket he found.

Ward after soliciting contributions throughout the East End, came down town and "made" the various office buildings and business houses, soliciting financial help with which to engage in some sort of business to support himself, his petition claiming that he was blown up in a mine explosion at Colbert, Iowa, December 25th, 1915 the effect of which robbed him of his speech and hearing. He was at the Bank Cafe when Officer Dunham, just after handing him a dime, recognized him as the same fellow he had seen at the Kelso place and his arrest followed.

At the hearing the mayor showed Ward the affidavit charging him with vagrancy. Ward wrote a note in which he begged for his release, adding that he wanted to go to Columbus. The mayor then wrote across the affidavit "\$25 and costs and 60 days in the Cincinnati work house."

One Drawback.  
"You seem to be very comfortable here. Do you like the work of broom-making?" the female visitor to the prison asked a convict.

"I've only one fault to find with my job here lady," replied the convict.

"And what is that, may I ask?"

"It's altogether too confusing!"—Detroit Free Press.

## PATROL BOX TORN DOWN IN STRUGGLE WITH PRISONER

Crazed by drink, R. G. Waterson, Phoenixville, Penn., an inspector at the Whitaker-Glessner Company's plant, tried to "take" the North End late Thursday night, but came to grief at the hands of the police.

Waterson and a friend were standing at Eleventh and Railroad about the midnight hour, when Mrs. Callie Banks, Mrs. Ethel Jones, Mrs. Judson Whitfield and Mrs. Eunice Melvin, reputable colored women, came through the N. & W. cut on their way home from a church society meeting on Thirteenth street.

The women were attracted to the man with the straw hat, who was Waterson, struggling to release himself from the other's grasp. As they got nearer Waterson broke loose from his companion, hailed and made indecent remarks to them, and started to follow them. They

called Officers Flowers and Nance, who were at the Busy Bee restaurant nearby. The men ignored the shouts of the officers to stop and had to be headed off. Waterson at once became abusive and had to be dragged all the way to the N. & W. depot. There he and his companion grasped each other and had to be clubbed apart. Waterson by this time had become a veritable wild man and in the struggle with

Flowers the patrol box was torn from its hinges. Flowers once stood him on his head. After reaching headquarters the officers vainly tried to reason with him. Flowers professed a ten dollar bill to Waterson's friend to add to a similar amount he had put up for bond, but Waterson balked on the arrangement, preferring to be locked up. The friend was permitted to go, as all he had done was with a view of pacifying him. Waterson was released at 4:30

on a \$50 bond.

He wore a penitent look when he came into court at 9 o'clock, accompanied by Judge Blair. He was given a private hearing and pleaded guilty to charges of disorderly conduct and insulting women, and was sentenced to the reformatory for 30 days for the former offense and 30 days for the latter charge.

Judge Blair said Waterson admitted his actions solely to drink, that he himself did not approve of such conduct, was never arrested before, was willing to make proper amends and gave assurance it would not occur again. The mayor said it seemed to be a common failing for white men when they visit the North End intoxicated to insult colored women. This he did not propose to tolerate, so long as he was mayor, and colored people, so long as they conducted was good, will be given the same protection as white people.

## ORATORY OF G. O. P. LEADERS WILL BE LIMITED AT CONVENTION

Chicago, Ill., May 19.—With at least sixteen names to be presented to the Republican National Convention for consideration as presidential nominees. It became known today that a move is on foot to limit the time speakers may consume in making nominating and seconding speeches. Friday, June 9, has been decided upon tentatively as the day upon which nominating speeches will be made, and it is feared that if these presenting candidates are not limited the speech making will continue at such length as to defeat the plans of leaders to have the convention complete its work in four days.

Italian Staff of Life. To those who know the Italian staff of life only in one or two forms it will come as a surprise that there are some forty-four varieties, all carefully differentiated. Neapolitan macaroni is usually made simply of household flour, well mixed, rolled flat and then shaped by various machines, but the paste may be mixed with other ingredients. Thus tagliatelli is produced by the addition of eggs, and into the composition of gnoccoli potatoes, butter and cheese enter. Italian children may turn their letters and numbers from edible copies, and leaves and shells are some of the many forms which macaroni takes as biscuits do with us.—London Chronicle.

### Acts of Parliament.

The wording of the acts of parliament today shows practically the exact same determination to rule by representative government as existed in the old, purely Saxon days. "Be it enacted," the parliamentary law reads, "by the king's most excellent majesty, by and with advice and consent of the lords spiritual and temporal and common, in this present parliament assembled."

There is something even more royal and dominant in that phrase "by and with the consent of" the members of the two houses of parliament than would seem to be even in the king's most excellent majesty. —Woman's Home Companion.

# FINAL APPEAL IS MADE FOR WESLEY MISSION

## DONATIONS OF \$10 AND \$5 WANTED

Tomorrow will close the campaign for the \$5,000 necessary to purchase the permanent home for Wesley Hall Mission and to make the repairs which will be necessary before the building at 512 Second street is in the best shape for efficient work. Rev. J. E. Dibert must have at least \$4,000 in hand by Saturday night to make the campaign a success, and he wishes to make a final appeal to all interested in his work to donate to the good cause.

Donations of any amount will be thankfully received and he would like to have from fifty to seventy-five \$5 donations. Remember also that the dollar subscriptions will help.

Citizens of Portsmouth have been most liberal, and Rev. Dibert feels sure that a sufficient number will come forward tomorrow to insure the permanency of the work. He already has several plans in contemplation which will add to the good that Wesley Hall is accomplishing.

**Very Considerate.**  
One rather cool evening the good minister of a certain church was eloquently addressing his congregation on the beauty of leading an upright life, when he suddenly paused, glanced round the building and beckoned to the sexton.

"Jones," said he as the sexton approached the pulpit, "open a couple of windows on each side of the church, please."

"Beg your pardon, sir," returned the sexton, with a look of surprise. "Did I understand you to say open the windows?"

"Yes," was the cold, hard rejoinder of the minister. "It is not healthy to sleep with the windows shut!"

## 556 Churches Will Be Represented At Meeting

Rev. M. D. Bryant, pastor of the Sciotoville Christian church left Friday for Edgerton, O., where he will conduct services in the Christian church of that place Sunday. On Monday he will go to Mt. Vernon, O., to attend the annual state meeting of the Ohio Christian church Association. Five hundred and twenty-six churches are to be represented at the meeting.

## Thank Offerings Are To Be Eliminated At Revival Meetings

Atlantic City, N. J., May 19.—By the adoption of a recommendation offered by its permanent committee on evangelism today, the 128th General Assembly of the Presbyterian church took the first step in the establishment of a proposed interdenominational evangelistic organization, which will put religious revivals the country over on an efficiency basis under immediate direction of the church, and an advisory non-denominational lay board. The plan, when carried to its conclusion, will make evangelists salaried members of the evangelistic committee of all the churches. The evangelists will be assigned to certain districts that need them as is the organized sales forces of a huge selling corporation. This arrangement will eliminate the much criticized offerings at the end of revivals.

### Napoleon's Destructiveness.

Napoleon was destructive by character and custom. He struck his paper knife into the vesty chairs that were provided for him everywhere. He wasted huge quantities of paper. When ever he took up anything that was true, or fairly worked he was quite certain to demolish it or damage it before he put it down. He pulled up the choicest plants in the hothouses, and when he could do it without being seen he used to shoot Josephine's rare birds. One day the emperor shot out one of the eyes of Massena, the duke of Rivoli, but nothing was said of it. Her father took the blame for it, probably because he was master of the hunt. "Napoleon's Men and Methods."

### Brazil Produces Piassava.

Among the forest resources of Brazil one of considerable value and importance is the fiber piassava, a product of certain palm trees, which is used in the manufacture of brooms, brushes, ropes, larders and hats. The trees also produce a very hard nut, called in Portuguese, coupinha (quill), from which excellent buttons are manufactured. The leaves are employed for making fans and in the country districts for roofing adobe houses. For making brooms and brushes especially coarser material is more extensively employed in Brazil, and large quantities are required annually for domestic consumption as well as for exportation.

### Why He Missed Her.

"So you're little White Woodpecker," said the new minister after Sunday school. "I called to see your mother yesterday, but unfortunately she was not at home."

"Oh, yes, she was," replied the boy. "But I guess she took you for the insignificant man. You look something like him!"—Philadelphia Press.

## Board To Meet

The city board of school examiners will meet Saturday at the High School building. The board is composed of Judge George M. Osborn, Prof. Frank Appel and Supt. Clark Fullerton.

### Self Possession.

A man who does not possess himself enough to hear disagreeable things without visible marks of anger and chance of countenance or noticeable moans without suddenness of joy and expansion of countenance is at the mercy of every artful knave or port coxcomb. The former will provoke or please you by design, to catch unguarded words or looks, by which he will easily decipher the secrets of your heart, of which you should keep the key yourself and trust it with no man living. The latter will by this absurdity and without intending it produce the same discoveries of which other people will avail themselves.—Lord Chesterfield.

### "Do as Home Does."

The saying "Do as Home does" originated with St. Ambrose in the fourth century. It arose from a discovery of the observance of Saturday. The Milanese made it a feast, the Romans a fast. St. Ambrose, being asked what should be done in such a case, replied: "In matters of little consequence it is better to be guided by the general usage. When I am at Milan I do not fast on Saturday, but when I am at Rome I do as they do in Rome."

### As She Saw It.

A young girl who had been born and brought up in a boarding house atmosphere was suddenly transplanted into a wealthy home. After she had been there a month a friend of her patroness said:

"I expect you notice a great difference between your present and your former surroundings."

"Oh, yes," said the girl. "There when a man and a girl walk out together everybody always says, 'Will he marry her?' Here they say, 'Will she leave him?'"—New York Times.

### Not So Cheap.

Flirtatious—Don't tell me that old tale that tack is cheap.

Hens-shrout. Why not?

"Yesterday while my wife was talking to a neighbor over the back fence she burned up \$2 worth of pork, 40 cents' worth of potatoes, 15 cents' worth of cabbage, to say nothing of the value of the muffins."—Yonkers Statesman.

## SURE, THEY LANDED PIKE BUT IS IN DOUBT AS TO HOW BIG IT WAS

Dr. E. C. Jackson says he is not alone as a fisherman. Ben H. Dillon, Rev. C. E. Chandler and James Hager formed a fishing party who cast their lines in Brush Creek several days ago. The trio is modest about their fishing ability but still think some publicity is coming to them. Dr. Jackson says he is not sure but one of the members of the trio told him they caught a pike that

weighed 42½ pounds, or 42½ inches long or 42½ feet long. Dr. Jackson does not remember exactly which of the three members who told him but says it was sure one of the three which still shows that the trio did not return home empty handed. It will be well to remember that Dr. Jackson received a ducking in Brush Creek while on the fishing expedition.

## County Bible Class May Be Formed Here

A very enthusiastic meeting of Sunday school superintendents and pastors of the city was held at eight o'clock Thursday evening at the Second Presbyterian church.

M. G. Bailly, secondary division superintendent of the Ohio Sunday School association with headquarters in Columbus was present at the meeting and gave the local workers a short talk on Sunday school convention work and much valuable information as to how to form a county association of Sunday school workers.

Mr. Bailly urged the organization of County Bible school workers before the meeting of the State Sunday School convention to be held in Findlay, O., on June 19, 20, 21 and 22.

After a lengthy discussion of the matter a committee composed of Conrad Roth, Will Hazlebeck, Dr. S. D. Ruggles, T. H. Jones, Rev. B. B. Cartwright and W. W. Gates was appointed to make arrangements for a county meeting of Sunday school workers. The committee will hold a meeting Sunday afternoon at 1:30 o'clock at the Second Presbyterian church.

## An Ideal Remedy for Nursing Mothers

Compound of Simple Laxative  
Herbs Safe for Baby and Mother

Constipation is a condition that affects the old, young and middle-aged, and most people at one time or another need help in regulating the action of the bowels. Harsh cathartics and purgatives should not be employed to relieve constipation, as their effect is only temporary while they shock the system unnecessarily.

A remedy that can be used with perfect safety for the tiniest babe and that is equally effective for the strongest constitution is found in the combination of simple laxative herbs known as Dr. Caldwell's Syrup Pepsin and sold in drug stores, everywhere for fifty cents a bottle. This is an ideal household remedy and should be in every family medicine chest.

Mrs. F. I. Barsolow, 18 Leslie St., Holyoke, Mass., wrote to Dr. Caldwell, "Syrup Pepsin certainly is fine. I gave it to my baby, Evelyn, and also took it myself."

**EVELYN BARSLOW**  
It is the only medicine I have been able to take without affecting baby in the nursing. I have used it for all four children and it is fine; they like it and ask for it.  
A trial bottle of Dr. Caldwell's Syrup Pepsin can be obtained, free of charge, by writing to Dr. W. B. Caldwell, 454 Washington St., Monticello, Ill.

# Ironton Opens Bids For Her New Waterworks; No Contracts Given

Ironton, O., May 19—Bids for the construction of the new water works system were opened by the board of control in the council chamber Thursday at noon, in the presence of a number of interested citizens and contractors and the interested officials of the city.

There were ten different contracting firms who offered bids upon different parts and divisions of the construction of the work.

The plans and specifications were divided into five divisions for construction under which heads bids were made and received.

The divisions are as follows:

1. Brick pumping station, pumping well, intake, etc.
2. Force and supply main.
3. Concrete reservoir.
4. Filtration plant.
5. Pumping machinery.

Bids For Division No. 1

The Foundation Co., Pittsburgh, Pa.—\$128,770.

Bids For Division No. 2

Scherer, Mountain & Grimes—\$65,500.

The Henderson Construction Co., Pittsburgh—\$109,935.

The McLeod Construction Co., Marietta, O.—\$19,917. Alternative bid—\$30,791.

The Henderson Construction Co., Youngstown, O.—\$90,000. Alternative bid—\$33,500.

The A. E. Miller Construction Co., Portsmouth—\$77,541.

Bids For Division No. 4

The Henderson Construction Co., of Youngstown, O.—\$124,891.

The New York Construction Filtration Co., New York—\$103,267.

The Pittsburgh Filtration Mfg. Co., Pittsburgh—\$93,400.

John W. Danford Co., Buffalo, N. Y.—\$108,070, with \$210 per cubic yard for rock excavation.

Bids For Division No. 5

The Miller Supply Co., Hamilton, W. Va., part of pumps—\$11,400.

Eppin Carpenter Pumps Co., Pittsburgh, Pa. Proposal A—\$89,548.

Alternative—\$76,338.

Proposal B—\$83,532.

Alternative—\$70,712.

Proposal C—\$82,728.

John W. Danforth Co., Buffalo, N. Y.—\$23,900.

After the bids had been opened the director of service, City Engi-

neer Howell and the construction engineers, J. E. Witmer and W. L. Watson, of the J. F. Witmer Co., proceeded to tabulate and arrange them so that it could be determined who was the lowest bidder and what the lowest bid would amount to.

It was found that the lowest bid upon the original plans and specifications was \$339,977. To this amount would have to be added the construction engineers' fees, which at 5 per cent would add another \$17,000, making the lowest possible cost under the bids upon the original plans and specifications amount to \$356,977. The estimate upon the construction was \$230,000, and no contract can be awarded for more than the estimated cost under the bids of the state.

The lowest bid based upon the electrical driven machinery is \$304,412, and of this amount would have to be added \$15,400 for engineers, running the total up to \$319,812.

With a half size reservoir and electrical driven machinery the lowest bid is \$292,000, and with engineers' fees would amount to \$307,450. No contract could be awarded. There were two reasons for this.

There was no money in the fund so that the city auditor could certify that there was enough in the fund to cover the contract. The bonds did not sell Tuesday and no bids were received. Their sale is pending with an option given to Weil, Roth & Co., of Cincinnati, to take the bonds at par and accrued interest, at which they must sell.

A horse attached to a milkness was damaged. The left front foot of the horse was slightly cut. As the runaway horse passed Sixth and Chillicothe streets it sideswiped Henry Heil's machine parked near the corner, but only slight damage resulted.

John Cox, the driver, was delivering a bottle of milk on Court street and when he returned he found his horse had already started to run down Second street at breakneck speed. The horse in its wild run just barely missed three other machines and two vehicles on Market and Sixth streets.

Anthony Smith played the part of a hero in the runaway. He kept his truck directly at the left side of the horse and the first chance he got he compelled the horse to take to the curb and when the milk wagon struck the curbing near the back end of the Sun theatre on Sixth street the horse soon halted. Only one milk bottle was found broken in the wagon.

Out of Sorts

THAT IS, something is wrong with baby, but we can't tell just what it is. All mothers recognize the term by the lassitude, weakness, loss of appetite, inclination to sleep, heavy breathing, and lack of interest shown by baby. These are the symptoms of sickness. It may be fever, congestion, worms, croup, diphtheria, or scarlatina. Do not lose a minute. Give the child Castoria. It will start the digestive organs into operation, open the pores of the skin, carry off the foetid matter, and drive away the threatened sickness.

Business Men Will Receive A Royal Welcome At Wheelersburg

On Monday afternoon, May 22, the citizens of Wheelersburg will extend the members of the Business Men's Association and the Board of Trade a hearty welcome to their village, in honor of the formal opening of the Ohio Valley traction line between Portsmouth and Wheelersburg. Final arrangements were made Thursday evening at a special meeting of citizens of Wheelersburg.

They plan to greet the local business men at the Wheelersburg traction depot about 5:30 o'clock with a large group of citizens. A few of the Wheelersburg business men will head a line of march which will move directly to Main street. Behind this small group will be the River City band, then will follow the members of the local business organizations. The school children will form in the rear.

The parade will march south on Main street to the Methodist church and then counter march to the Hartman hotel, where a warm luncheon will be served by the ladies of the Wheelersburg churches, at a nominal charge. The school children will form open lines flanking both sides of Main street before the counter march is started and will remain there until the parade is halted at the hotel.

The address of welcome will be given by Prof. E. O. McCowen, county superintendent of schools, and the response will be made by Judge George M. Osborn, this city. The four new traction cars, which are painted red and are

striped with small gold lines, will leave the Washington hotel promptly at four o'clock. All members of the Business Men's Association and the Board of Trade are invited to attend. There will be room for all. A small red ticket has been mailed to every member of the organizations and these will be collected on the cars. All required of the member is that he sign his own name to the ticket so that Secretary R. E. Thomas can have a complete record of those who make the first trip over the new traction line.

TWO MOTHERS TELL

How Their Sickly Children Were Made Strong and Well.

"For six years our little girl suffered from a bronchial trouble, she had no appetite, could not sleep and was so nervous we had to keep her out of school. The doctors said nothing but a change of climate would help her. We were discouraged, when one day a friend asked us to try Vinol, and after taking six bottles she does not look like the same child. She has a fine appetite, is lively, healthy and well, and Vinol did it all." Mrs. F. E. Hinford, Iola, Kas.

Another child made stronger— "The measles left my little girl thin and delicate, and the doctor's medicine did not seem to build her up. I read about Vinol and got a bottle, and her improvement was rapid, her strength returned and she is now as well as ever." Mrs. E. Linot, Pittsburgh, Pa.

We ask every Portsmouth mother of a frail, sickly, ailing child to try Vinol on our guarantee to return their money if it does not restore her child's normal health. Frank Amazon, druggist, Portsmouth, O.

ELDERLY WOMEN SAFEGUARDED

Durand, Wis.—"I am the mother of fourteen children and I owe my life to Lydia E. Pinkham's Vegetable Compound. I am now well and healthy and recommend your Compound to other ladies."—Mrs. MARY RIDGWAY, Durand, Wis.

A Massachusetts Woman Writes: Blackstone, Mass.—"My troubles were from my age, and I felt awfully sick for three years. I had hot flashes often and frequently suffered from pains. I took Lydia E. Pinkham's Vegetable Compound and now am well."—Mrs. PIERRE COUNSEYER, Box 233, Blackstone, Mass.

Such warning symptoms as sense of suffocation, hot flashes, headaches, back-aches, dizziness, fainting, timidity, sounds in the ears, palpitation of the heart, sparks before the eyes, irregularities, constipation, variable appetite, weakness and dizziness, should be heeded by middle-aged women. ## First Prize Man Enters Corn Growing Contest

CHRISTIAN ENDEAVOR HIKE

The latest entrant in the corn contest for the 1916 Korn Carnival is George Gerlach, Franklin Furnace, who won the first prize in the same contest last year with a yield of one hundred and four bushels.

There are now six contestants in the contest and every one of them are confident that they are going to "bring home the bacon."

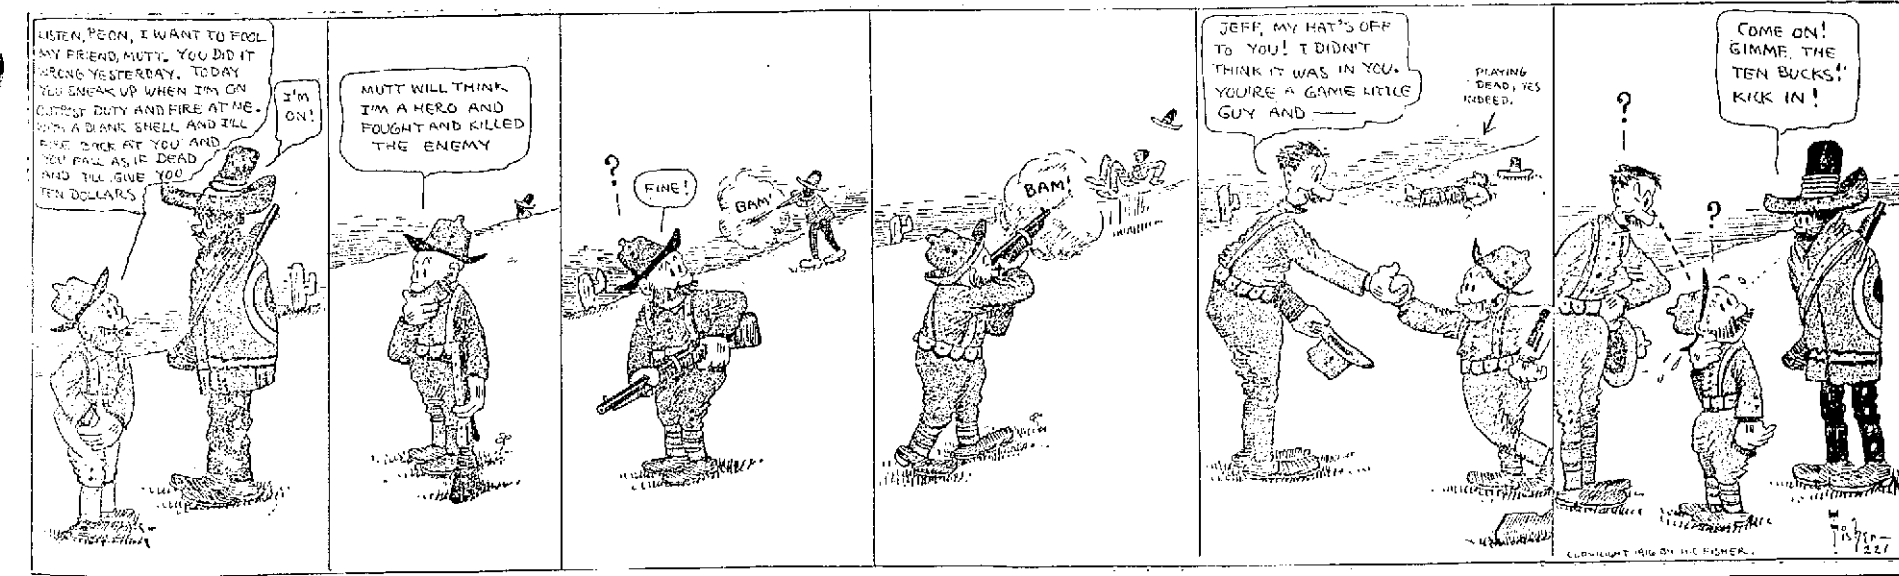

With the weather ideal and the moon shining in all of her glory, thirty-three of the members and friends of the Loyal C. E. Society

of the First Christian church, started from the new Scioto bridge promptly at 7:30 last night on their five mile "hike" out the Galena pike to Union Mills, over to the river and returning on the old river road. Having the experience of just such trips last summer the pace was started "slow and steady" and the same pace kept up throughout the while trip. After turning off Galena pike, at certain intervals, the captain, John Williams, carefully counted the members of the party to see that none had fallen by the way side, but all finished in fine shape and in good spirits. Upon reaching the old river road, George Tatman complained of being tired and hungry and the party was called to a halt, a big camp fire was built, around which all assembled and the sandwiches and fruit which the girls had so deftly prepared were eaten with relish. After the lunch and a short period of songs and funny stories the hike was resumed. Throughout the whole trip songs, laughter and society yells rang out on the air, attracting the farmers to their doors. In some places the whole family, including the dog, greeted the jolly party as they passed. Everybody at the finish declared that they had had the time of their life and were ready for another hike in the near future.

## Inspection Of Calvary Cammandery K. Of T. To Be Interesting Event

The preparations have been made by the members of Calvary Cammandery No. 13, K. T., to entertain the Eminent Sir Knight William Brownell Melish, Past Grand Master, Knights Templar, of the United States, this evening, when the lodge will hold its annual inspection.

Mr. Melish, who is president of the Order of Commerce of Cincinnati, is one of the best known and most prominent Masons in the United States. He has been entertained by the members of the organization and visited lodges in every part of the world.

The candidates for the degrees of the Order will be E. W. Gableman, Charles, who is city hall man for the city, and William N. J. Wesley and Walter, who will be honored guests at the inspection.

There will be six Gableman brothers members of the Cammandery, something that is rarely seen. The Red Cross degree will be conferred at four-thirty o'clock. At six a light luncheon will be served. Then, beginning at seven, the beautiful Order of Temple will be conferred.

Every Sir Knight in the city, whether a member of Calvary Cammandery or other cammanderies, is invited to attend the inspection. The local Knights will be asked to appear in full uniform.

Preparations have been made to entertain two hundred and fifty knights. An elaborate banquet will be served after the ritualistic work is concluded.

The five Gableman brothers, Charles, of Waverly, and George L. William N. J. Wesley and Walter, will be honored guests at the inspection.

## Tooth Loose? Watch out for Pyorrhea!

When you find a tooth that gives back and forth, even just a little, see your dentist at once.

He will find conditions which you might overlook. He will find a gum recession, even though slight, where the gums have pulled away from the teeth. And he will tell you that you have the dread disease pyorrhea.

From pyorrhea come by far the greater part of all tooth troubles. Unless treated and checked, it will result not only in the shrinking and malformation of your gums and of the bony structure in which your teeth are set, but in the loss of the teeth themselves.

A specific for pyorrhea has been discovered recently by dental science, and is now offered for daily treatment in Senreco Tooth Paste. Senreco combats the germ of the disease. Its regular use insures your teeth against the attack or further progress of pyorrhea.

But Senreco does more. It cleanses the teeth delightfully. It gives them a whiteness distinctive of Senreco alone. Its flavor is entirely pleasing, and it leaves in the mouth a wonderful sense of coolness and wholesomeness.

Get the Senreco treatment before pyorrhea grips you for good. Details in folder with every tube. A two-ounce tube for 25c is sufficient for 6 weeks' daily treatment. Get Senreco of your druggist today, or send 4c in stamps or coin for sample tube and folder. Address The Senreco Remedies Company, 601 Union Central Building, Cincinnati, Ohio.

## TRESTLE FALLS, WORKMAN IS PAINFULLY INJURED

Men's Dress and Work Shoes \$1.00. St. Straus, 416 Chilli St. 19-11

Beginning of the Germ Theory. Agostino Bassi, a country doctor in the north of Italy, early in the last century was the starter of the germ theory of disease. At that time a peculiar disease was killing the silkworms, bringing ruin to the whole country of Italy. Bassi, by the microscope, discovered the germ which is the cause of the disease. The germ later was named *Bacillus bassiana*. Bassi believed and stated that human diseases were also caused by germs. Bassi's work was sneered at and scoffed by his fellow men and physicians, and he failed to make a lasting impression, thereby losing great glory for Italy.

## Workman's Foot Is Badly Crushed; Bolt Also Driven Through His Leg

The Hunt, Forbes C. & O. Northern construction camp, near Harrisonville, where C. W. Allsbrow met death Monday, was the scene of another serious accident about 5:30 o'clock Thursday afternoon. William Wise, 22, single, employed on one of the dinky trains, was the unfortunate victim this time. Allsbrow was a brakeman on a dinky train when he met a tragic death. Wise was getting on the train,

when his feet slipped, causing him to fall on the tracks, and the engine ran over his right foot, badly crushing it. An iron bolt lying on the track was driven through the muscle of his right leg, this injury being more painful than the mangled foot. Dr. J. F. York, the company physician from Seicoville, made a hurried run to the camp and gave Wise first aid, after which he was taken to Hempstead hospital.

## THOMAS MURPHY IS ADJUDGED INSANE

Thomas Michael Murphy, 61, familiarly known as "Dad", a resident of Front street was adjudged insane Thursday afternoon at an inquest conducted by Drs. E. O. McCall and W. W. Smith. He will be taken to the Athens State Hospital Saturday. Murphy was arrested Wednesday morning by Sheriff E. W. Smith upon a complaint filed by a

Park avenue woman who claimed that Murphy had been bothering her. Murphy, shortly before he was arrested, called Judge Thomas C. Beatty by telephone and requested him to furnish him with a marriage license. After he was confined in the jail, he continually called the sheriff and asked that he be released so that he could marry the woman.

## Firemen Fight Shed Fire; Claim Boys Are Responsible

Boys playing in a shed in the rear of the home of Ben Burk, Chillicothe street between Ninth and Tenth street, is believed to be the source of a fire which caused slight damage Thursday afternoon. The fire was discovered by Mrs. Burk and the alarm was sounded. The Seventh street and the East End companies responded. The blaze was extinguished by chemicals.

The alarm was sounded at 4:30 o'clock and was out at 4:40. Chief George Koerner stated Friday that he believed some boys were playing in the shed and set it afire, but was unable to find out who they were.

## Can Find No Trace Of Accused Girl

The police have as yet received no trace of the girl giving the name of Edna Tipton, whom Mrs. Sophia Hicks, of 2202 Sixth street, charged with robbing her of \$41 and jewelry, after she had befriended her in giving her temporary refuge. It develops that the wife of the Versailles, Ky., man who the Tipton girl claimed brought her to Portsmouth only to desert her, called at police headquarters Wednesday and wanted her husband arrested. She told him leaving Versailles with the girl. She was told that nothing could be done here unless she was armed with a warrant that was sworn out in Kentucky.

## "ONE DAY INSTITUTE" WAS SPLENDID SUCCESS

The "One Day Institute" held at the United Brethren church Thursday closed with a largely attended and successful session Thursday night. The afternoon session was brought to a close by Rev. Elmer E. Burtner, pastor of the U. B. College church at Westerville.

Rev. Burtner's subject was "The Church That Waits." "The church that waits is the church that waits before God in prayer," said Rev. Burtner. He talked of the value and necessity of prayer. The evening session opened at 7:30 o'clock with Rev. L. J. Hopper in charge of the devotional service. Rev. Burtner was the first speaker on the program, his talk being on "The Church That Waits."

In his talk Rev. Burtner showed the church's relationship to the world. "The church is to go out and conquer all mankind for Christ," said Rev. Burtner. Rev. J. S. Kendall of Dayton followed Rev. Burtner and gave a valuable talk on "The Church That Waits." "We are to share the good things we have with all people," said Rev. Kendall. He laid great stress on the stewardship of life.

"We are all God's stewards and he wants us all to share alike," said Rev. Kendall. Rev. Burtner and Rev. Hopper left Friday noon for Ironton where they will hold a similar institute, rendering the same program as was rendered here. Rev. Kendall returned to Dayton and will hold a meeting in Port Wayne, Ind. Sunday.

Safe Home Remedy for Skin-Troubles

Eczema, ringworm, and other itching, burning skin eruptions are so easily made worse by improper treatment that one has to be very careful. There is one method, however, that you need never hesitate to use, even on a baby's tender skin—that is the resinal treatment. Resinal is the prescription of a Baltimore doctor, put up in the form of resinal ointment and resinal soap. This proved so remarkably successful, that thousands of other physicians have prescribed it constantly for over twenty years. Generally resinal ointment itching at once, and heals the eruption quickly and at little cost. Resinal ointment and resinal soap can be bought at any druggist's.

Resinal Soap is not only unusually cleansing and softening, but its regular use gives to the skin and hair that natural beauty of perfect health which cosmetics can only imitate.

All left in good humor, admitting that it was a good play.

## HOW STREET FAIR DEMORALIZES

A gentleman from the country who dropped into The Times office this week said that he came in to express approval of the effort being made to regulate or suppress the street fairs that have been infesting Portsmouth.

"It is a good move and I will tell you one reason why I am in favor of your stand," he said. "Last year I brought my 12 year old boy to town one Saturday and allowed him to go to the street fair grounds while I was attending to business. The next day I happened to go out to the barn and as I approached the door I heard my boy telling a group of neighbor boys about a dance he had seen at the street fair the day before. He said that he had gone into a black tent where there were a lot of men watching two women dancing. Then he described how one of the women had disrobed and had given a dance while almost naked. I have had no use for street fairs since that time for it is evident that they are degrading and demoralizing spectacles and it has been a wonder to country people that the city of Portsmouth would permit them to come and go at will. I hope that the citizens of Portsmouth will see to it that these exhibitions are not allowed to infest the town again like they did last year."

This is but one of many instances that have been called to our attention. We do not think that any body of representative men in Portsmouth would want to knowingly stand sponsor for such exhibitions as naked dances, yet advantage has been taken of their names in almost every instance where street fairs have shown here. The way to cure the evil is to keep the street fairs out or else to license them so heavily that only the high class attractions will come here.

The city council is on the right track in taking up the matter and planning to regulate the street fairs. Let the action be speedy and drastic.

## THE RULING PASSION

Harry Johnson, who was in in the accident on the Norfolk & Western, when the cars jumped the track and rolled down the bank, the other day, tells an anecdote thereabouts that shows how the longing for a new station for the Peerless has become an obsession, a ruling passion in death, we might say. After the passengers had scrambled out of the coaches and tumbled upon the road-bed, there they stood, a forlorn and distressed bunch, gazing through the dim moonlight upon the jumbled wreck and vaguely wondering how it all happened and that they were still alive, one fellow drew a long breath and gasped: "It will be a hell of a long time now before Portsmouth gets that new depot."

But his dismal foreboding was early cleared away, for in a few hours he read in The Times that the site of the new station had been selected and work would begin on it long before the year goes by.

## DO YOU KNOW THAT

Today is always the best day to clean up?  
Fresh air, food, rest—these three combat tuberculosis?  
The United States Public Health Service has reduced typhoid fever 80 per cent in some communities?  
Overeating, constipation, lack of exercise, foul air, eye strain, may produce headache?  
Polluted drinking water causes many deaths?  
An efficient health officer is a good community investment?  
Insufficient sleep endangers health?

The advent of Mr. Joseph T. Tracy into the race for the Republican nomination for state auditor, will be received with much interest in this, his old home. Mr. Tracy has a long and honorable record of public service. He has filled a number of offices of public trust and has filled them with credit and honor to himself and to the people. He has endeavored, at all times, to be obliging and courteous in the performance of his duties, yet he has never wavered in the discharge of those duties. He should make a most excellent candidate, and should he be nominated and elected, he will make a most admirable official.

The ghastly tragedy at Seabrook, Tuesday night, is just another instance in point that booze and the automobile will not mix in operation, but they do mix things up terribly, when brought together.

Modistes say that short skirts shall reign during the summer and fall and that, if anything, they will be shorter than ever, all of which compels us to remark that short skirts were made for only certain persons and the illusion would be greater if some others wore their skirts very much longer. (Charleston Gazette.)

Our troubles never end. The Russians are advancing upon Jezireh-Tun-Offar. Oh the prospect of may be having to spell that word every day for a month, and as if that were not enough, the places in between that and whence the Russians are coming.

It is stated America has put over a hundred million dollars into dye plants since the war broke out. If true, the statement is altogether pleasant.

The valiant mayor of Seabrook is going to stop automobile speeding through his village. Certainly, to be sure, and why not.

## DAYS THAT STICK IN THE MEMORY

THE DAY WHEN FATTY JONES "HOOKED" SOME STOGIES FROM HIS FATHER'S GROCERY AND THE GANG TRIED TO SMOKE 'EM BACK OF FATTY'S BARN.

## THE CANDY KIDS

Americans eat more candy than any other nation, both in total and per capita of population. The total consumption of sugar runs up to the enormous total of 7,500,000,000, an average of almost 75 pounds for each person.

This is our virtue not our vice, as a good many people believe. For while candy or sugar may be somewhat deleterious to the teeth, it is the greatest tissue builder of all foods, though we do not generally regard it as a food at all. The latest dictum in medical science is that sugar is the secret, if we may say a thing is secret after being discovered, of the energy and strenuousness of American life, the basis on which these are sustained. Yes, its virtues, whether we consume it in candy or sweets, or drink it in tea and coffee, are great and manifold. It builds up the tissues of the body, vitalizes it with energy and gives courage both corporally and mentally, besides being an inveterate foe of Demon Rum, and stimulation to the heart. 'Tis said the muscles of the body crave sweets and the more a man, woman or child exercises the muscles, the more insistent is the call for sugar, and it is this craving and not a vitiated taste that makes the demand for candy. When one has some exhausting physical strain before him there can be no better preparation made for its endurance than by partaking of an extra quality of sweets. If a man really wishes to break from the habitual use of intoxicating liquors he can find no surer means and no pleasanter than by frequently munching of candy.

Cousin Myron T. Herrick doesn't like the rural credit bill passed Monday by the lower branch of congress. Certainly not. Cousin is a Republican candidate for the senate and it stands him in hand to protest, rail and condemn everything a Democratic body does. Then tea it about makes honors even between the two. Cousin Myrick he too specializes in this rural credit business and as congress booted his idea of it clean off the lot, why it is just natural he should do some kicking too.

Not mentioning any names, we renew our suggestion that our noble athletes trade places and leagues with the sand letters in the biggest town below here on the Ohio.

The first section of the interurban will be tested out next week. Doesn't seem like the realization of the project has been so long in coming.

## Aunt Chameleon Tells A Story

When Miss Chameleon found that her Aunt Chameleon knew a great deal more about alligators and crocodiles than she herself did, she was anxious to talk longer to her Aunt Chameleon. "Didn't your mother and to find out what more she knew."

"Of course you have seen piles where the eggs stayed all the time Mrs. Guter was watching them," said Miss Chameleon by way of keeping up the subject.

"To be sure. To be sure," replied Aunt Chameleon, looking towards the deserted rubbish pile; "and I think that Mrs. Guter shows much more sense in looking after her eggs than does her cousin, Mrs. Crocodile."

"Do you?" asked Miss Chameleon, with a happy little roll of her left eye. "No, I'm going to hear a story," she whispered to herself. "Then tell me about it."

"I will," said Aunt Chameleon. "Only I believe we had better crawl out on this branch, where we can lie on something green instead of brown. I have an uneasy feeling, as though I was being watched. So the two chameleons crawled out onto the green twig and quickly made themselves all green as could be. It would have taken sharp eyes to spy them out—you may be sure of that! Then Aunt Chameleon went on with her story.

"I have never myself seen a crocodile, so of course I do not know any more about her than I have heard. Some time ago one of the cranes who lived yonder by the far creek told me of the crocodile that lives in another country and that story I will tell to you."

"This Mrs. Crocodile lays about the same number of eggs that Mrs. Guter does—twenty or thirty. But her method of caring for them is very different. Instead of laying the eggs on the ground and then covering them over with rubbish and sand, as Mrs. Guter does, Mrs. Crocodile digs a hole in the ground—oh, quite a hole—and into this she puts her fresh-laid eggs."

# NEW-YORK-DAY-BY-DAY.

O.O. MCINTYRE.

New York, May 19.—The world moves in circles and New York in squares. From Union to Madison, to Greeley, to Longacre—there you have it and with it the fortunes of the fortunate.

Not many years ago a well-known New Yorker was proprietor of a cafe in Union Square. Everything was lovely and the goose hung high. He was certain the center of activity would always be around Union Square.

For his certainty he became a waiter, for the hub moved to Madison Square. He soon saw his error and he became a proprietor again at Greeley Square and he laughed loud and often when Oscar Hammerstein built his theatre at Forty-Second street. A strange person Oscar and cheek full of whims. A pretty penny it would cost him.

But again our hero became a waiter, for things were moving in blocks again and Longacre Square, beginning at Forty-Second street, was seething with life. But in the last week the cafe proprietor has seen the handwriting on the wall and purchased a cafe in Columbus Circle which is at Fifty-Ninth street.

Thus he becomes a boss again. Sounds like a fairy tale this riches, rags and riches yarn, but it's true—every word of it.

People have been raving about Buster Collier going into movies and making a grand success. Sob sisters rave of hereditary-like father like son stuff. Could it be anything but natural, they wrote, that Willie Collier's son should be a great actor?

All this is very pretty and sounds nice—awfully nice. But let us for the once get down to facts. Buster Collier is the famous Willie's step son.

At any rate Buster has been on Broadway at the new Rialto theatre. There is an orchestra of thirty-five men there. Fancy a music theatre with a symphony orchestra!

chestra; We have it in our staid little village. At least we have the word of Ben Atwell, the famous press agent, and Ben never, never lies. He admits this much himself.

A temple is surely going up to Terpelichore on West 57th street, across from Carnegie hall, which is in the studio district of the foremost musicians and artists of the country.

It will be a home for dancing and is being erected by Louis H. Chalif, the Russian dancer, who has become the craze in Gotham. The new building is a home for dancing that was never before dreamed of in this country.

But what makes it a joy is that the builder is the man who fought against the suggestive dances. He took the bag out of the Bunny Hug and has insisted on the standardization of all dances. It shows that a man can be clean in the dancing art and yet win out.

Jake Rosenthal pilots the activities of the Bronx theatre. He ranches for this yarn. A man stepped up to the box office and said he wanted two tickets for the matinee Friday night.

Another man—one with an accent—appeared a few minutes later at the same box office and asked for a seat for his wife, Becky, for the opening performance of "Mr. Batterly."

There is nothing left to do for Jake but side the Man from Egypt on him if he keeps this up.

A man named Walkup dropped with an elevator in a downtown building the other day and the next morning seven different paragraphs commented upon it. Original folk, these paragraphs, but almost anyone could fashion a parody about it. We are tempted to—but we find that this is the end of our space for today.

Thy gold, if tested so, Would it have proved as pure? To passion's onward flow Thy hanks been more secure?

Hold not thyself aloof. Though he hath fallen low; Withhold the sharp reproach; Retard the cruel blow. Far from the weary heart Bid sorrow and dismay; The blinding tears that start, Lo, gently try to stay.

With loving, tender mien, Just guide him up the hill, Upon thee let him lean— He is thy brother still. Thy strength shall greater be, Thy light grow never dim, For God shall deal with thee As thou hath dealt with him. —Kathleen Kavanaugh, in New Orleans States.

# AUSTRIANS ARE GAINING IN DRIVE AGAINST ITALIANS

## ADVANCE DESPITE COUNTER STROKES

Berlin, May 19.—(Wireless to Sayville).—Austrian troops are continuing to advance at points on the Italian front, the official statement of May 18 says, although the Italians are undertaking vigorous counter strokes. The Austrians crossed the Lupa Valley and captured Costa Bella.

Paris, May 19.—Violent fighting on a large scale was resumed on the Verdun front last night. Two fresh divisions of German troops attacked French positions at Avocourt wood and Hill 304 west of the Meuse. The war officers announced the attacks in the main were unsuccessful although the Germans obtained a footing in a small post south of Hill 287. The Germans attempted to recapture the small fort on the northeast slope of Hill 304, which the French took on the preceding day, but their effort failed. Infantry fighting was confined for the most part to the sector west of the Meuse. East of the river and in the Woivre the artillery was active. Lieutenant Navarre, one of the best known French aviators, who recently engaged in a fight with five German aeroplanes, brought down his tenth machine in an aerial combat at Dolante in the Argonne.

Saratoga Springs, N. Y., May 19.—With only four bishops of the Methodist Episcopal church being elected, the general conference today resumed the balloting which has been in progress since Tuesday.

Following closely after the election of Dr. Herbert Welch, of Delaware, Ohio, and Dr. Thomas Nicholson, of New York, last night, the announcement was made to the conference this morning that the Rev. Adna W. Leonard, of Seattle, Washington, had been chosen on the tenth ballot. He is a son of the late Rev. Adna B. Leonard, for many years prominent in Methodism. He is only 41 years old, being the third bishop of the Methodist church to be elected at so young an age.

## TEDDY TO VISIT FORD IN DETROIT TODAY

Detroit, Mich., May 19.—Hundreds of school children, waving American flags, were among the throng which greeted Theodore Roosevelt at the railway station this forenoon when he arrived here to be the guest of honor at an American Day celebration. Before Colonel Roosevelt was driven to the Detroit Athletic Club at the head of an automobile parade, he made a short address to the Boy Scouts who were lined up in front of the station. He told them he believed in their organization because it taught them to fight for the truth and not to be mollycoddles.

After the luncheon at the Detroit Athletic Club, Colonel Roosevelt spent nearly two hours in privacy before he went to a local opera house to deliver an address on "Americanism and Preparedness for Peace." This afternoon Colonel Roosevelt was to make a short address to a mass meeting in Grand Circus Park, in the heart of the business district. Before he returns to New York late this afternoon he is to make an automobile tour of the city. It was announced that he expects to spend a few moments visiting Henry Ford at the latter's automobile factory.

day for more than 20,000 men employed in forty automobile factories here, according to W. S. Jack, business agent of the Machinists' Union in a statement today. The union is awaiting formal sanction of the movement by the international convention of machinists at Baltimore June 26. Jack says the convention action may mean strikes in many cities involving 200,000 men.

Columbus, N. The prisoners were questioned in an attempt to obtain information concerning the movements of the various scattered bands. At military headquarters the reports concerning the release were received with some surprise, although a number of prisoners have been captured during the campaign and six of them have been confined in the stockade.

It became known today that a move is on foot to limit the time speakers may consume in making nominating and seconding speeches. Friday, June 9, has been decided upon tentatively as the day upon which nominating speeches will be made, and it is feared that if these presenting candidates are not limited the speech making will continue at such length as to defeat the plans of leaders to have the convention complete its work in four days.

## LETTER THREATENING SUICIDE BY MISS LAMBERT MAY BE IN ORPET'S DEFENSE

Waukegan, Ill., May 19.—The jury to try W. H. Orpet, the university student, for the murder of his former sweetheart, Marion Lambert, was further from completion when court opened today, than it was yesterday. The trial opened yesterday with four jurors passed tentatively by both sides and closed with only one who was selected last Monday, the opening day.

Two hundred and twenty-three men have been examined for jury service since the trial began, and three venires have been exhausted.

Attorneys for the defense have hinted that a letter, written by Miss Lambert to Orpet, a few days before her death from poison last February, in which she threatened to commit suicide, will form a vital part of the evidence in their case.

## HOW STREET FAIR DEMORALIZES

A gentleman from the country who dropped into The Times office this week said that he came in to express approval of the effort being made to regulate or suppress the street fairs that have been infesting Portsmouth.

"It is a good move and I will tell you one reason why I am in favor of your stand," he said. "Last year I brought my 12 year old boy to town one Saturday and allowed him to go to the street fair grounds while I was attending to business. The next day I happened to go out to the barn and as I approached the door I heard my boy telling a group of neighbor boys about a dance he had seen at the street fair the day before. He said that he had gone into a black tent where there were a lot of men watching two women dancing. Then he described how one of the women had disrobed and had given a dance while almost naked. I have had no use for street fairs since that time for it is evident that they are degrading and demoralizing spectacles and it has been a wonder to country people that the city of Portsmouth would permit them to come and go at will. I hope that the citizens of Portsmouth will see to it that these exhibitions are not allowed to infest the town again like they did last year."

This is but one of many instances that have been called to our attention. We do not think that any body of representative men in Portsmouth would want to knowingly stand sponsor for such exhibitions as naked dances, yet advantage has been taken of their names in almost every instance where street fairs have shown here. The way to cure the evil is to keep the street fairs out or else to license them so heavily that only the high class attractions will come here.

The city council is on the right track in taking up the matter and planning to regulate the street fairs. Let the action be speedy and drastic.

## THE RULING PASSION

Harry Johnson, who was in in the accident on the Norfolk & Western, when the cars jumped the track and rolled down the bank, the other day, tells an anecdote thereabouts that shows how the longing for a new station for the Peerless has become an obsession, a ruling passion in death, we might say. After the passengers had scrambled out of the coaches and tumbled upon the road-bed, there they stood, a forlorn and distressed bunch, gazing through the dim moonlight upon the jumbled wreck and vaguely wondering how it all happened and that they were still alive, one fellow drew a long breath and gasped: "It will be a hell of a long time now before Portsmouth gets that new depot."

But his dismal foreboding was early cleared away, for in a few hours he read in The Times that the site of the new station had been selected and work would begin on it long before the year goes by.

## DO YOU KNOW THAT

Today is always the best day to clean up?  
Fresh air, food, rest—these three combat tuberculosis?  
The United States Public Health Service has reduced typhoid fever 80 per cent in some communities?  
Overeating, constipation, lack of exercise, foul air, eye strain, may produce headache?  
Polluted drinking water causes many deaths?  
An efficient health officer is a good community investment?  
Insufficient sleep endangers health?

The advent of Mr. Joseph T. Tracy into the race for the Republican nomination for state auditor, will be received with much interest in this, his old home. Mr. Tracy has a long and honorable record of public service. He has filled a number of offices of public trust and has filled them with credit and honor to himself and to the people. He has endeavored, at all times, to be obliging and courteous in the performance of his duties, yet he has never wavered in the discharge of those duties. He should make a most excellent candidate, and should be nominated and elected, he will make a most admirable official.

The ghastly tragedy at Scitoville, Tuesday night, is just another instance in point that booze and the automobile will not mix in operation, but they do mix things up terribly, when brought together.

Modistes say that short skirts shall reign during the summer and fall and that, if anything, they will be shorter than ever, all of which compels us to remark that short skirts were made for only certain persons and the illusion would be greater if some others wore their skirts very much longer.—Charleston Gazette.

Our troubles never end. The Russians are advancing upon Jereh-Ibn-Offar. On the prospect of may be having to spell that word every day for a month, and as if that were not enough, the place in between that and whence the Russians are coming.

## DAYS THAT STICK IN THE MEMORY

## THE CANDY KIDS

Americans eat more candy than any other nation, both in total and per capita of population. The total consumption of sugar runs up to the enormous total of 7,500,000,000, an average of almost 75 pounds for each person.

This is our virtue not our vice, as a good many people believe. For while candy or sugar may be somewhat deleterious to the teeth, it is the greatest tissue builder of all foods, though we do not generally regard it as a food at all. The latest dictum in medical science is that sugar is the secret, if we may say a thing is secret after being discovered, of the energy and strenuousness of American life, the basis on which these are sustained. Yes, its virtues, whether we consume it in candy or sweets, or drink it in tea and coffee, are great and manifold. It builds up the tissues of the body, vitalizes it with energy and gives courage both corporally and mentally, besides being an inveterate foe of Demop Rann, and stimulation to the heart. "Tis said the muscles of the body crave sweets and the more a man, woman or child exercises the muscles, the more insistent is the call for sugar, and it is this craving and not a vitiated taste that makes the demand for candy. When one has some exhausting physical strain before him there can be no better preparation made for its endurance than by partaking of an extra quality of sweets. If a man really wishes to break from the habitual use of intoxicating liquors he can find no surer means and no pleasanter than by frequently munching of candy.

Cousin Myron T. Herriek doesn't like the rural credit bill passed Monday, by the lower branch of congress. Certainly not. Cousin is a Republican candidate for the senate and it stands him in hand to protest, rail and condemn everything a Democratic body does. Then too it about makes honors even between the two. Cousin Myrick he too specializes in this rural credit business and as congress booted his ideas of it clean off the lot, why it is just natural he should do some kicking too.

Not mentioning any names, we renew our suggestion that our noble athletes trade places and leagues with the sand lotters in the biggest town below here on the Ohio.

The first section of the interurban will be tested out next week. Doesn't seem like the realization of the project has been so long in coming.

# New Wholesale Grocery Will Be Erected In The East End

A fine new wholesale grocery will soon be erected in the east end of the city, according to an announcement made by Phil R. Freshour, Friday. Plans have been prepared for the building and the contract will be awarded within the next few days. The owners of the new concern are Phil R. Freshour and brother C. E. Freshour, who were formerly engaged in the grocery business at the corner of Gallia and Lawson streets. The new building will be a two-story brick, reinforced construction building and will be located on the south side of Gallia street, near Monroe street, or on the lot adjoining the James Smith home. Colegrove and Weathers, local contractors, prepared the plans and specifications for the new building. The dimensions are 35 feet by 85 feet. The building will be fire proof, and will contain two large rooms on the ground floor and one large room on the second floor. The front of the building will be constructed of handsome face brick with stone trimmings. The Freshour brothers conducted a general grocery business at the corner of Gallia and Lawson streets for ten years and are well known in local business circles. They sold the store last year and since then have been engaged in a commission business, selling breakfast foods. They expect to carry a complete line of groceries and notions when their building is completed.

## Workman's Foot Is Badly Crushed; Bolt Also Driven Through His Leg

The Hunt, Forbes C. & O. North-ern construction camp, near Harrisonville, where C. W. Allsbrook died Monday, was the scene of another serious accident about 5:30 o'clock Thursday afternoon. William Wise, 22, single, employed on one of the dinky trains, was the unfortunate victim this time. Allsbrook was a brakeman on a dinky train when he met a tragic death. Wise was getting on the train, when his foot slipped, causing him to fall on the tracks, and the engine ran over his right foot, badly crushing it. An iron bolt lying on the track was driven through the muscle of his right leg, this injury being more painful than the mangled foot. Dr. J. F. York, the company physician from Sciotoville, made a hurried run to the camp and gave Wise first aid, after which he was taken to Hempstead hospital.

## SURE, THEY LANDED PIKE BUT IS IN DOUBT AS TO HOW BIG IT WAS

Dr. E. C. Jackson says he is not sure as a fisherman.

Ben H. Dillon, Rev. C. E. Chandler and James Hager formed a fishing party who cast their lines in Brush Creek several days ago. The trio is modest about their fishing ability but still think some publicity is coming to them. Dr. Jackson says he is not sure but one of the members of the trio told him they caught a pike that weighed 42½ pounds, or 42½ inches long or 42½ feet long. Dr. Jackson does not remember exactly which of the three mem-

bers who told him but says it was sure one of the three, which still shows that the trio did not return home empty handed.

It will be well to remember that Dr. Jackson received a ducking in Brush Creek while on the fishing expedition.

Warneke was directly in the path of the falling material and narrowly escaped being hit by the dump car. Several timbers and part of the sand fell on him, his right knee being crushed and his left leg badly bruised between the knee and the ankle. Dr. J. F. ## IRONTON MAN DRINKS AMMONIA; TWO PHYSICIANS SAVE HIS LIFE

## PATROL BOX TORN DOWN IN STRUGGLE WITH PRISONER

Crazed by drink, R. G. Waterson, Phoenixville, Penn., an inspector at the Whitaker-Glessner Company's plant, tried to "take" the North End late Thursday night, but came to grief at the hands of the police.

Waterson and a friend were standing at Eleventh and Railroad about the midnight hour, when Mrs. Callie Banks, Mrs. Ethel Jones, Mrs. Judson Whitfield and Mrs. Eunice Melvin, reputable colored women, came through the N. & W. cut on their way home from a church society meeting on Thirteenth street. The women were attracted to the man with the straw hat, who was Waterson, struggling to release himself from the other's grasp. As they got nearer Waterson broke loose from his companion, hailed and made indecent remarks to them, and started to follow them. They called Officers Flowers and Nance, who were at the Busy Bee restaurant nearby. The men ignored the shouts of the officers to stop and had to be headed off. Waterson at once became abusive and had to be dragged all the way to the N. & W. depot. There he and his companion grasped each other and had to be clubbed apart. Waterson by this time had become a veritable wild man and in the struggle with Flowers the patrol box was torn from its hinges. Flowers once stood him on his head. After reaching headquarters the officers vainly tried to reason with him. Flowers proffered a ten dollar bill to Waterson's friend to add to a similar amount he had put up for bond, but Waterson balked on the arrangement, preferring to be locked up. The friend was permitted to go, as all he had done was with a view of pacifying him. Waterson was released at 4:30 on a \$50 bond.

He wore a penitent look when he came into court at 9 o'clock, accompanied by Judge Blair. He was given a private hearing and pleaded guilty to charges of disorderly conduct and insulting women, and resisting officers, receiving a fine of \$25 for the former offense and \$10 and costs on the latter charge.

Judge Blair said Waterson attributed his actions solely to drink, that he himself did not approve of such conduct, was never arrested before, was willing to make proper amends and gave assurance it would not occur again. The mayor said it seemed to be a common failing for white men when they visit the North End intoxicated to insult colored women. This he did not propose to tolerate, so long as he was mayor, and colored people, so long as their conduct was good, will be given the same protection as white people.
